One and All

We as individuals, are threads. As single strands, we vary in our unique characteristics and personal talents. Yet, with each other, we form a mesh of shared experiences, dreams, and goals. Sometimes we run together in organized patterns, adhering to deadlines, schedules, and regular routines. At other times we become unraveled from the straight lines of continuity and weave spontaneously through the fabric we call life.

Just as patterns of colors and designs repeat throughout various cloths, shared beliefs and ideas seem to reemerge at various points in time. Although the original intended meaning behind our yearbook's name - Ravelin's - remains untold, we do know that the word derives from the term raveling, or "a thread or fiber that has become separated from a woven material." We members of the yearbook staff represent those stray strands by continuously stepping back from and illustrating the "woven material" of high school life. Each year presents different stories and designs, yet each story and design is inspired and created by the same common threads.

Some People

Some people come into our lives and quickly go. Some people move our souls to dance, they awaken us to a new understanding with the passing whisper of their wisdom. Some people make the sky more beautiful to gaze upon, they stay in our lives for a while, leave footprints in our heart and we are never, ever the same.

Faculty

Medley of Mentors

It may seem presumptuous for a new teacher to take on the task of writing, in the yearbook, about the faculty at Oxford High School. Yet, what better point of view than a fresh one? I met teachers and administrators rich with experiences, vast knowledge, creativity, varied opinions, talents and lifestyles, the wisdom of age, and the optimistic enthusiasm of youth. A lot could be said about the hard work and dedication I have witnessed, the obvious pride teachers and administrators take in our students' accomplishments and successes, the faith they show in those who have to struggle, the sense of humor and congeniality at Oxford High School. Diverse as it may be, the staff here is united by one common goal, that on the day of graduation, our seniors will feel proud of what they have done, so that we can feel proud of having done it with them.

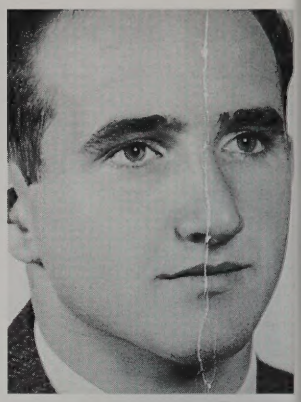
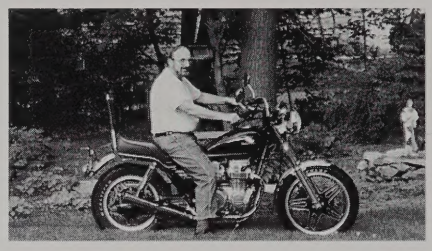
Dedicated To...



Finding just the right career is one of the hardest things in life to do. Having a job thta you can look forward to going to, for the rest of you life, can be a life long search. Enjoying what you do for a living and gaining satisfaction from it is something many people never find. Mr. D., as his students call him, has found his ideal career. Over the last 38 years he has looked forward to going to work everyday, and has been proud to say he teaches at Oxford High School.



His enthusiasm, commitment and generosity towards teaching have been with him his whole career. Whether it being woodworking to students or explaining the civil war to the many interested people, he gives all his energy and dedication with all his passion to share his knowledge. These efforts are what makes him such an important part of Oxford High School and special to all the students he comes in contact with.

Mr. D. is always willing to go the extra mile for students whether it is heading the chain gang at football games, making pancakes for the senior breakfast, staying countless hours to help classes prepare for homecoming, staying late nights just just before Christmas so students can finish their projects and many more countless acts that he does willingly to put the students needs before his own.

His passion, dedication and unselfishness for education is an inspiration to all educators, especially me, his son, who is proud to say "That's my dad, the best teacher I have ever seen!!"

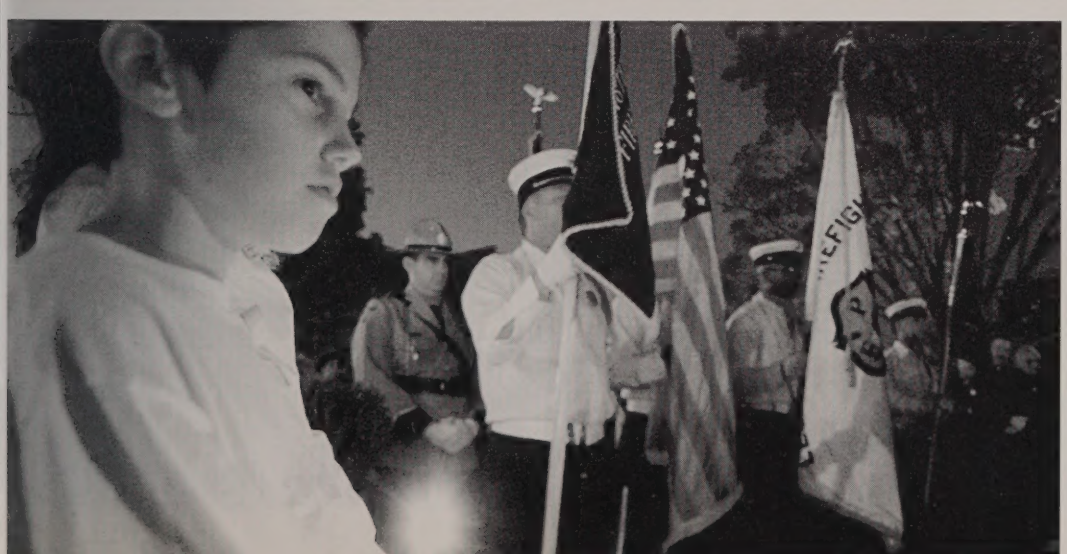
The Tragedy

A terrible tragedy
Has dawned on us all
To stand by
And watch our nation fall
The burning
Of towers
And hiding
Of cowards
But now spirituality
Comes into play
"God Bless America"
The all say
Religion is what
Started this hate
When God has nothing
To do with our fate
If everyone could
Just get along
Then we'd have
A nation so strong
Who knows why they love
The pain they inflict
But it's obvious why
Our home was picked
Because we
House the free
Where you
Be what you want to be
So I'm sorry to people
Whose loved ones were lost
For hate they paid
The ultimate cost
And in the back of our minds
We will never forget
All the lives lost
With so much regret.

~Alexa Marcigliano



There For Us...

Who is the faculty at Oxford High School? They are our mentors, teachers, guides, but most of all they are our role models. They're the ones who lead us in the right direction, help us make the crucial decisions that are most important in our high school years, and that decide our futures. Who are they? They are the teachers and staff members of Oxford High School, and we'd like to thank them for making us the people we are, for being our support, for being our role models.

This year Mrs. Chase, Mrs. Fournier, Mrs. Geenty, Mr. Hescheles, Mrs. Kudron, Mr. Lamacchia, and Mrs. Olney are retiring from Oxford High School

Retirement does not mean sitting at home but rather choosing a new direction. My primary reason for retiring is that I want to be active later in the day since I am not a "morning person!"

I will miss the students very much, and have enjoyed the time I have spent at Oxford High School. I will always like teenagers and want to work with them in other places. I will also work more in radio and with the orchestra for which I am the announcer.

I have had the pleasure of teaching at Oxford High School for the past 35 years. During that time I was always allowed to explore new and creative curricula in Physical Education... ways that were unheard of at the time. Oxford's administration gave me the freedom to become an innovative educator; a teacher that always wanted to do what had never been done. The growth in popularity of Oxford's Adventure curriculum is testimony to that goal. Now, as one door of my professional career closes, another has opened for me. Having recently been appointed Massachusetts Physical Education Specialist for the Department of Education, I will continue my career in a different arena. I look forward to the challenges that lie before me.

To my students, I only hope that when you come to the end of your career, you can say, as I say now "If I had to do it all over again, I would not want to work anywhere else or do anything else but what I have done." It has been a fabulous career for me, and I thank the thousands of students whom I have had over the years. I know I have touched the lives of many of my students and hopefully made a difference in their lives, but they have also touched mine and have made a profound difference in my life.

Seniors

Finishing Touches

As our senior year comes to an end, we begin to reflect more deeply upon the friendships and memories we have woven throughout our experiences at OHS. Soon will be our time to fasten loose ends and secure old ties before unraveling in different directions towards separate balls of string, where we will continue to embroider new relationships in our lives.

Growing

I'm leaving now to slay the foe-
fight the battles, high and low.
I'm leaving mother, hear me go!
Please wish me luck today.

I've grown my wings, I want to fly,
Seize my victories where they lie.
I'm going, Mom, but please don't cry-
Just let me find my way.

I want to see and touch and hear,
Though there are dangers, there are fears.
I'll smile my smiles and dry my tears-
Please let me speak my say.

I'm off to find my world, my dreams,
Carve my niche, sew my seams,
Remember, as I sail my streams,
I'll love you, all the way.

Unforgettable Evening...

The Junior Prom is always a fun filled night, and that proved to be true this year. Everyone arrived at the high school to meet all of their friends dressed up and ready to dance. The music was great and everyone had a wonderful time. Then the moment of truth came when the court was announced. The girls on the court were Sarah Modr, Alyssa Maki, Jill Hurley, and Tori Carroll. The guys on the court were Pat Buccico, Ross Coghlin, Mark Retallic, and Tori Gisleson. The King and Queen were Corey Hetherman and Karla Ford. The entire class looked great and it will always be a night to remember.

This year's homecoming rally was held on Friday, October 12 in the OHS gymnasium. The gym was filled the night before with students from every class to decorate their sections. And the hard work definitely paid off! The 8th grade's them was Wild West, and even though their skit seemed a little shaky, they pulled it off nicely. The Freshmen did a wonderful job with their ghoulish Halloween theme. It was topped off with a spoof of Michael Jackson's "Thriller", which awed the audience. The delicious Willy Wonka theme was done by the Sophomores, and Devin Gorman sang a solo in character as Willy Wonka. The Juniors had the theme of Good Vs. Evil, accompanied by John Strader & Peter Guertin on guitars & drums. Last, but not least, the Seniors had Wizard of Oz as their theme. Jen Greene, Jill Hurley, Corey Hetherman & Ali Phillips all did a wonderful job in their "leading roles". Let's not forget Ross Coghlan as Dorothy! In the end, Juniors got 3rd place, Sophomores got 2nd and Seniors got first!

We're All in a Trance....

On October 17th the seniors watched classmates being hypnotized. Ali Phillips, Sarah Modr, Susan Bachand, Tracey Sharkey, Randy Adams, Chance Labell, Kristy Walley, Christina Garneau, and Pat Buccico were picked to be hypnotized. Ali, convinced she was Bette Midler, told us we were the wind beneath her wings. Sarah couldn't bend her legs to sit down. Tracey fell down trying to pick up a 500 lb. dollar bill. Both Randy and Kristy fell out of their seats. Christina enjoyed flying over the nudist colony. Sue, Pat, and Chance woke up and got to watch what would've been in store for them if they hadn't come out of hypnosis. It was hysterical and will definitely be remembered.

Winding Up

Coming apart at the seams? Perhaps some of us...but, mostly, we juniors have all been winding up! We were on the go, keeping busy, and binding together for our junior year, the precursor to the long-awaited freedom. This year, we juniors were prepping our spools for success - gathering our threads, typing up loose knots, and donning our thimbles to shield us from life's unexpected pinpricks.

Oh! The Anticipation!

We are now Juniors, we're almost there. We get to enjoy many more things as upper classmen, the younger kids look up to us. Luckily for us we will come back to next year to the new school. The class officers were able to get a tour, and let me tell you it's huge! The gym, auditorium, classrooms, lunchroom, everything is even larger than we expected. As Seniors, we'll be able to enter the new high school with many new technologies and all new equipment. We will leave behind us an old high school filled with memories. And this year is just the roadway to great things to come.

Class Rings!!

Last year as Sophomores we got our class rings, and the Ring Committee which includes Naomi Myhaver, Nicole Wagner, Alise Karle, Caitlyn Moriarty, Kristina Fogg, Naomi Myhaver, Meg Mahota, Tim Denson, Chris Prochnow, Paul Tortora, and Angela Masuzzo had the opportunity to go to the Balfour Company in a luxurious camper, to see how things are done, and to design the Pirate that goes on the side of the rings. It was an awsome trip, we all had lots of fun. I think we all enjoy our rings, and they will bring back memories for all of us!

A Web Of Choices

Well, it may seem like it's just another school year, but in reality we are right smack in the middle of our high school years. We will soon be thinking about our futures, and where we'll be going to college. Distinct choices and important decisions are ahead, and throughout this year we must work hard to ensure a steady future. Mistakes will be made along the way, but someone will always be there to mend the road on which you had gone astray.

Center of Attention

We certainly are an essential part to the student body, considering that we are the "middle class". We're starting to move up in our chronological ranks, and have privileges, and get noticed for our hard work and devotion. But there's much, much more to being a sophomore. In order to graduate, the MCAS is given and we definitely must pass. Along with all the glitz and glam, there's a large amount of pressure...just to be the center of attention.

Freshmen

A Stitch in Time Saves Nine

Today freshmen, tomorrow the future sophmores of Oxford High School, and some time down the road the graduating class of 2005. When that time finally comes, I hope that we have grown as people, as well as a class. Now is the time we should stop and look at who we are, and think about what we want to become. Between now and then, become who you want to be, not anyone else. That is the strongest advice I can give us, to grow and become that person.

A Fresh Look

This school year began with horrific events that led to the death of many and a war that continues to rage half-way across the world. It is tempting to look at this, our freshman year, as one where a way of life has ended forever. But let us see it as a year of beginnings. It's up to us freshmen to work on building a peaceful future where ignorance has no place.

8th Graders

Little Stitches

Here in the eighth grade it is kind of frightening. When we first entered the high school, everyone was nervous. We were the little people unfortunately. Next year we will also be the smallest people because of the new high school. Eighth grade was a great experience because it showed us what the high school is all about so we can face our challenges next year and be prepared for our freshman year.

We learned to love our place as eighth graders but are very excited to be in a higher level next year.

Moving up!

It's exciting to be an 8th grader in High School, It gives us an opportunity to see what it's like before we actually get there, and take in our surroundings. Sometimes, it's hard to be the lowest grade in the school, but we can look forward to going to the new school nest year. Of course, we'll still be in the lowest grade, but at least we'll really be in high school!

Although I like to look at the Juniors and Seniors (and wish I was them!!) it's awsome to be an 8th grader and go through the year on our own terms.

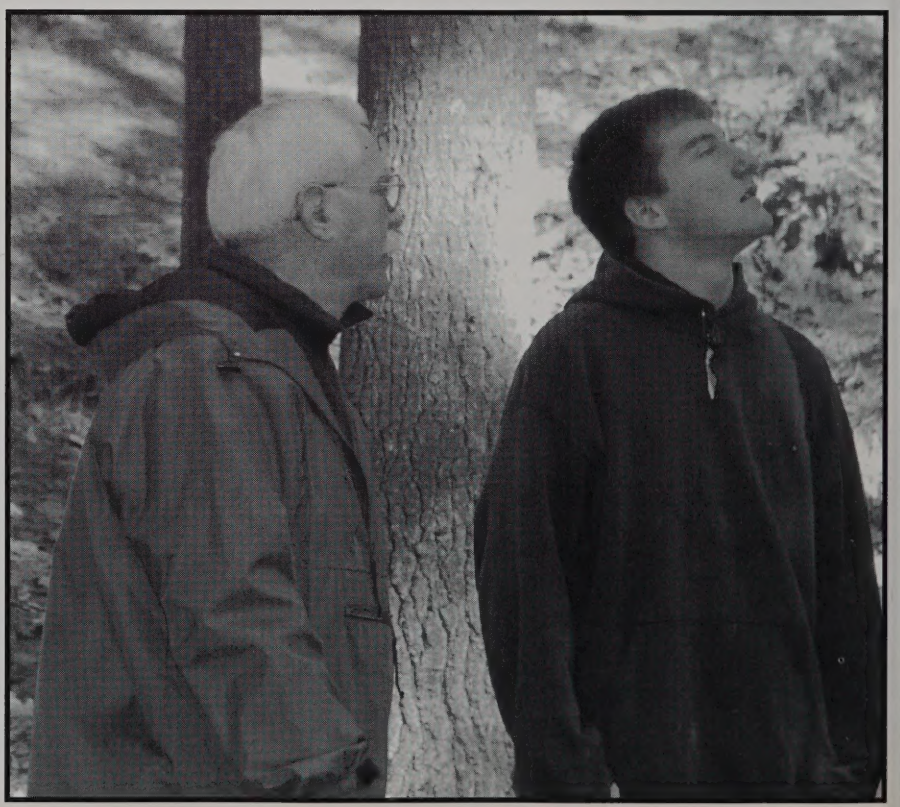
Common Threads

Variety is the Spice of Life



NHS/NJHS. Basketball. Band. Newspaper. Football. Chorus. SADD. Cheerleading. Soccer. Theater. ROTC. Student Council. GSA. Those are just some of the many interweaving activities we have after school here at Oxford High. On a weekly basis (sometimes even a daily basis), students are stitched together through their talent, interest & passion in different fields. We gather together in our diverse groups and do our thing. And even as much as we enjoy after-school activities, we don't realize exactly how lucky we are to have them. Some schools have eliminated activities because of low budgets. But OHS makes sure to provide us with the best. And in the long run, our interactions with people will prepare us for the real world.

Pep Rally

Oxford High enjoyed two outrageous Pep-Rallies this year. First came the competition one, the themes went as followed, 8th; "Wild Wild West", Freshmen; "Night of the Living Dead", Sophmores; "Willy Wonka and the Chocolete Factory", Juniors; "Naughty VS. Nice", and Seniors; "Wizord of Oz". The day was filled with skits, costumes and tons of NOISE. To end this event Coach D took the priviledge of throwing a pie in Mr. Bouchers face, the students were thrilled with the sight.

The second pep-ralley was for Thanksgiving, there was a beauty pageant with Senior football players dressed in drag, who competed to take the honor of breaking the Rival Auborns' Rocket. ~ Naomi Myhaver ~

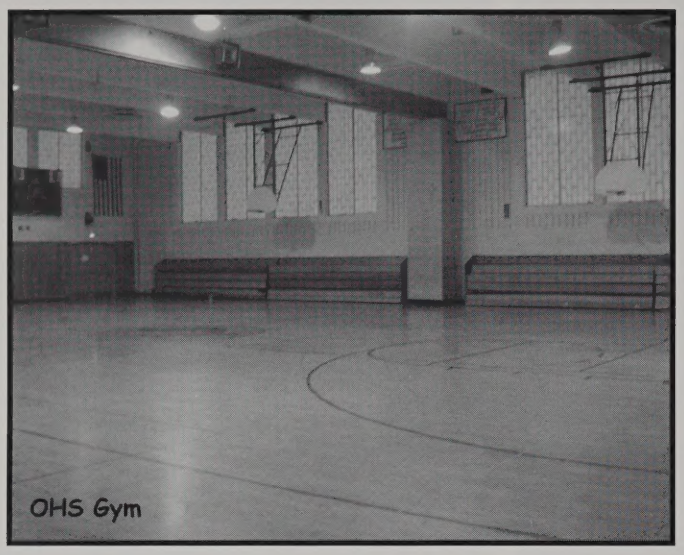
Old School



OHS Gym

The Art Room in the old school, opened many talents in the students for many years

What's the difference between the old school and the new school? Many may think that it's still the same place with the same people and teachers, just a new building. Well, that may be how you feel, but in reality, entering the new school gives us all a chance to start over and turn over a new leaf so-to-speak. A new place, a new home away from home. It's a new place where we can feel rather safe and secure.

Many may feel a bit nostalgic with the thought of leaving the old school and entering the new school. You leave the old school with memories, both good and bad, as well as life long lessons that help to build your foundation for life. As you enter the new Oxford High School, enter with an open mind and be prepared for whatever life may bring in the remainder of your high school years.

Student council members are proud to represent their individual classes and school by serving as a liaison between the student body and the administration.

As a public service, in the aftermath of the September 11th disaster, the Student Council participated in the World Trade Center Assistance Day; we gathered many useful items for the victims and workers. To our students and our community, thank you for your support.

Student council annually runs and organizes Homecoming, the Senior Citizens' Dinner, Student Government Day, Santa's Workshop and blood drives. Some new activities for this year were "pie the teacher" and the Easter Seal Shoot Out. In March eight members have the opportunity to represent Oxford at the MASC conference in Cape Cod. The Student Council attend the annual Christmas Concert and the Art Show both held at OHS. We are very proud of our fellow students.

Since the introduction of new members last, the OHS National Honor Society has continued to demonstrate its standards of character, leadership, scholarship and community service both in and out of school. This past June, several members participated in Biodiversity Day, an event dedicated to identifying and recording the number and types of plant and animal species within Massachusetts. Before the end of 2001, we spiced up the cafeteria with scintillating "Fiesta!" theme for our annual Sadies Hawkins' dance, enjoyed dressing as Barney and various Chrismas characters for the Breakfast with Santa, and tried to "kick Mr. Boucher out of his office" with the Toys for Tots drive. In December we were treated to the Boston Ballet's magnificent performance of The Nutcracker.

This year's Senior officers are: Andrew Rice, President; Jillian Monico, Vice Precident; Tracy Sharkey, Secretary; Ali Phillips, Treasurer; Betsy Skrip, Historian; and Susan Kozlowski, Parliamentarian. The Junior officers are: Nicole Wagner, Precident; Megan Skrip, Vice Precident; Alex Quitadamo, Secretary; Kelley Wyllie, Treasurer; Robert Sparhawk, Historian; and Paul Tortora, Parliamentarian.

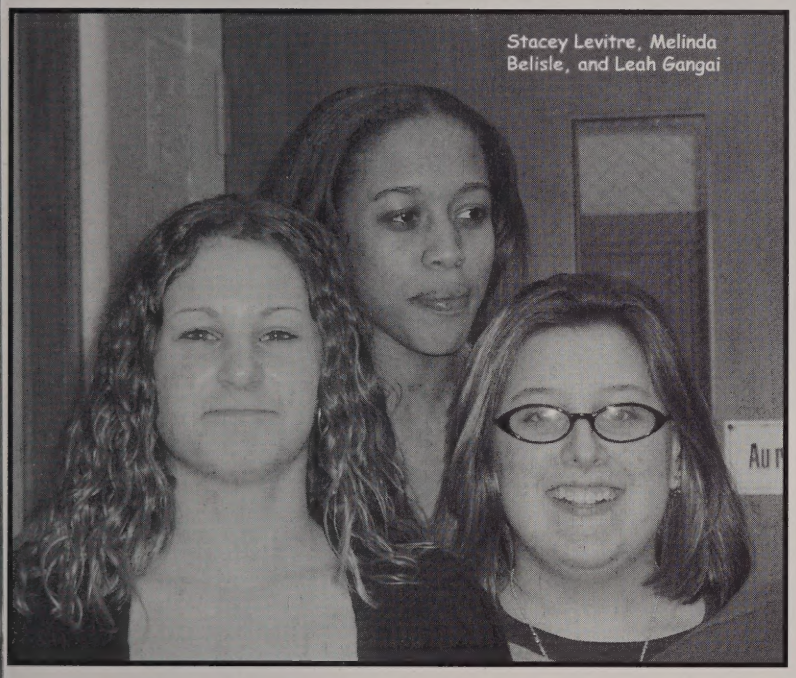
National Junior Honor Society



Stacey Levitre, Melinda Belisle, and Leah Gangai

The National Junior Honor Society is the front runner of organizations and societies that promote appropriate recognition for students who reflect outstanding accomplishments in the areas of scholarship, character, leadership, service, and citizenship.

College admissions officers often consider Honor Society membership as a valid indicator that the applicant will succeed at the collegiate level. The Honor Society member has already exhibited academic achievement, leadership-either overtly or silently-honorable and admirable character, as well as service that demonstrates that the member is willing to use talents and skills to improve society.

SNEDL Meet #2-The unarmed color guard-Jessalynn Wheaton, Kelly Wyllie, Alex Quitadamo and Sarah Tourtelloute perform for the judges

The summer of 2001 proved to be a very busy one for the Oxford NHROTC (Naval Junior Reserve Officers Training Corps.) For three weeks from July to August, then-Company Commander Betsy Skrip participated in the Fourth Annual Maritime Youth Exchange Partners in Peace program, travelling with five other America NJROTC cadets and six Japanese students to Washington, D.C., Hawaii, and Japan. Cadets Sarah Benson, Amanda Benson, Alvin Franceschi, Camil Jachimczyk, Shawn O'Neill, and Paul Tortora spent two weeks developing their leadership, academic, and athletic skills at the 2001 Leadership Academy held in Newport, RI. Cadets also came together this summer to march in various parades, operate a unit-fundraising booth at Celebrate Oxford, and tour Newport harbor aboard the tall ship *SS Aurora*. In addition, members of the air rifleteam attended advanced rifle camps conducted in Burlington, VT, and East Greenwish, RI. Just this January, the team shot the annual SecNav Postal match and improved their combined score 51 points from last year, when they too the second-place national title. here's hoping for first place this year!

On the annual Public Lands Day held in September at the Buffumville and Hodges Dams, a group of female cadets demonstrated the true meaning of girl power and teamwork, clearing trees and brush to create a bird-watching vista overlooking a French River marsh. At the annual Korean War Ceremony at Mechanics Hall in Worcester, three cadets took part in a special recognition of late U.S Congressman Moakley, and over twenty other cadets assisted in paying tribute to the veterans of the Korean War.

The drill team and color guard have done extremely well in the first three League competitions of the year, earning 15 team trophies and a number of medals in IDR (Individual Drill Regulation). This February, both teams will return to the American Legion JROTC Drill Team Nationals in Montgomery, Alabama, to defend their title of Overall National Champions.

WORKING ON THE YEARBOOK...

"It's fun, but it's hard when you have a deadline to meet and you end up having to be in school on a holiday! Bu the end result is worth it. At first, I was overwhelmed by what we had to learn. But it didn't last that long. As you do more, it keeps getting easier. My favorite pages are the dividers. They were a lot of fun to put together."

~ Monica Fairbanks ~

"It's been a learning experience.Having deadlines and running around to get all we need is stressful. But people are very cooperative and willing to pose for pictures, or write copy or whatever. The most fun? Getting to see the goofy pictures before anyone else does ..., looking for who to embarrass next. Just kidding! My favorite pages are the theater pages because they remind me of how hard we worked for the plays."

~ Noami Myhaver ~

" The best part was working with Ms.Dubois. Overall, working on the yearbook hasn't been stressful, really. Although there were times when we felt like we were gettin nowhere. That wasn't so good. 12 hour days are really long but there's something that's fun about that too. The food ... the coffee. We have had really good times."

~ Corey Ali ~

"It was great to see how much fun the students had watching the slide show. Also, I am really proud of the cover. At first, it was hard being the only one on the staff who knew the process. But the others and Ms. Dubois caugh on quickly. The yearbook is going to be really nice."

Theater

The Theater class performed two fantastic plays during the 1st half of the year, "The Drunkard", and "Help I'm Trapped in a High School". Both shows went exceptionally well. Everyone pulled their weight and made each show better than expected. With all the work needing to be done, on stage and off, everyone had a job to do, and surprised Mr. Baggett by pulling it all together.

This semester coming up we will be putting on "Bye Bye Birdie". I think it will go over just as well as the first two!

Trombones...trumpets...woodwinds...percussion. These instruments are the key to musicality. But in order to play, you have to feel the music, and get into character of what kind of a piece you're playing. Mr. Baggett helps us develop musical sense and realize music is an integral part of life. Band is something to take seriously, but it's also really fun.

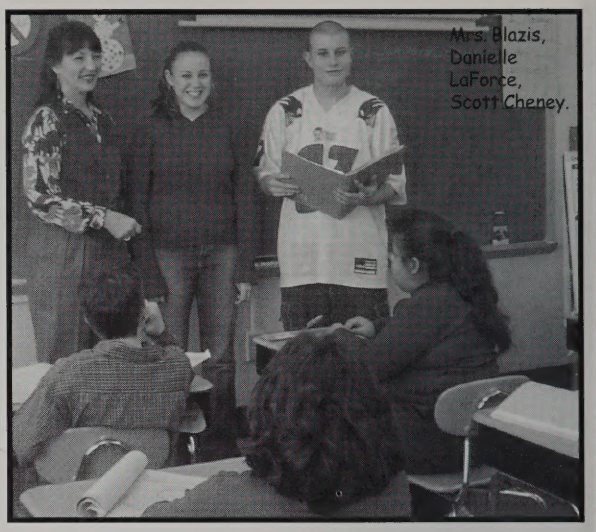
Tomorrow's Teachers Club



Mrs. Blazis, Danielle LaForce, Scott Cheney.

Last year the students who were in French and Spanish III/IV went to Clara Barton & Chaffee schools to teach the third graders another language. We got to spend an hour every week with our assigned classrooms teaching and playing with the little kids. We played games, sang songs and had a great time. The Teachers of Tomorrows Club also did some shadowing, where we got to pick a teacher in grades K-3 and spent the day with them. When one of the teachers' husband died, they called upon our group to substitute for those who needed time alone.

Tomorrow's Teachers is a great program and if you have any interest at all in being a teacher, I suggest you join!

SADD

SADD, also know as Students Against Destructive Decisions, is a program here at OHS that works against social problems such as drugs, peer pressure and underage drinking. We have been concentrating a lot on the drinking aspect this year. Going along with our fight against underage drinking, the members of SADD have decided to bring a new program to OHS. The program is called *Fake ID*. It is a half-hour long presentation about the use of fake indentification and the consequences of its use, especially when involving alcohol. The program also helps to show students that they do matter, and it is possible for one person to make a difference. It encourages students to be unique and to be themselves. So, as a message from SADD: "Discover who you are and enjoy being you."

Peer Mediators

Peer Mediation is a program provided through the school that allows students to talk out their problems rather than resorting to violence. Peer Mediators are students themselves who, in training, learn all the techniques on how to be a successful mediator, such as attentive listening and asking questions. The program encourages students to get along peacefully rather than taking the alternative of physical confrontation. Mrs. Lawrence makes the entire program possible by training the mediators and setting up all of the meetings. Above all, Peer Mediation is a learning experience for everyone that will have a positive effect on the rest of their lives.

Newspaper

This year I became the Editor of The Ledger and it hasn't always been easy. Getting people to write articles can be like pulling teeth sometimes, but it's been a good year. We have a great advisor, Mrs. Casavant and a great staff too.

We've worked really hard at making the Ledger, and it's been fun. With our dedicated staff, we've made a lot of good issues and they're only going to get better. We would like to thank everyone who has contributed and supported the Ledger, and thanks to Mrs. Casavant for making the Ledger so much fun.

A new year has come for the Computer Club - a new year for exploring and learning. The club is under the direction of Mrs. Threadgould, our advisor. The club has had many new challenges throughout the year.

The elected club officers, Sherry Carbonneau - President, Chris Poitras - Vice President, Christine Lougie - Secretary, and Rob Jefferson - Treasurer, and all of the members of the club have worked hard to help make this years projects successful. The Candy Cane Messages for Christmas were a big success this year and Mystery Match had a new look. The questions on the new form kept everybody laughing as they filled them out. There were lots of surprises when the results came in for Valentine's Day. These projects raised funds to pay for the clubs annual trip to Boston in May.

Some of the activities that the club members have shown an interest in this year are computer programming, computer maintenance and repair, we page design, surfing the Net and playing computer games. There's always something for everyone. Overall, it has been a great year!

Stephanie, Missy, and Tom relax at a GSA meeting.

This year the GSA @ OHS has done a lot of interesting things. We have gone to meetings about tolerance in our school. We meet every Wednesday in the Guidance office. Our group consists of gay, lesbian and straight students. This group is also an outreach for students and faculty who have questions on the subject and want to learn more about how to provide a safer school for all. The GSA has been a welcoming group and a great addition to the list of all the other school activities here at OHS.

Golf

This year's team was led by John Sneade and Chris G. Ethier. We didn't exactly win the SWCL, or anything else fot that matter, but it was a great learning experience, and a fun time for everyone. Our record for the season was 5-10-2 (5 wins, 10 losses, and 2 ties). John and Chris usually played strong at the 1 and 2 positions, the 3-6 positions were for the most part Matt Emond, Ross Beaudette, Chris Johnson, and Eric (natural) Larabee. Coach Lirange also mixed in some of our younger talent in Josh Dubsky, Jill Stafford, and Aaron Bunn.

Even though we are losing many seniors (John Sneade, Dave Haddad, Tiger Jefferson, Larry Smith, Matt Emond, and Chris Johnson), there are high expectations for this upcoming season. Good luck to Coach Lirange and the rest of the team in 2002!

This year the freshmen football team did a very good job. The team held the record for the best Freshmen team in Oxford High School history, the team had to try and go through the first few games without Sean Hetherman but, Nick Urella did a good job filling in. A big inspiration on offense was Scott Guzman, Ben Urella, Ray Sheppard, Mike Mahota and QB Malachi but on the defensive line putting pressure on every teams Quarter back, John Lavalley and Joel Gervais and definitely Greg Harrington playing linebacker. The freshmen team's biggest win was against Auburn. The team shut Auburn out. Coach Jason Wilson helped them out alot especially on the offensive line. The whole team hopes their merit will carry on when they are on the Varsity team and hopefully bring a Super Bowl Trophy home to Oxford High.

JV Football

This season was full of many ups and downs for the Junior Varsity football team. This season included a very big win against rival Northbridge which was the first victory over them in 14 years. The offense was headed by an outstanding backfield, which included Junior running back Mike Hanna, Sophomore running back Jimmy Smalls, and Sophomore Quarterback Brad Mandella. The defense was headed by Sophomore John Odgren and Junior Alex Abraham. The season started out very successfully with wins over Shepherd Hill, Northbridge, Millbury, and David Prouty, and continued on with wins over South and a very big win over Auburn. Quite possibly the biggest wins were against Northbridge and Auburn. Many young players stepped up their play this year during the Junior Varsity games and they were Freshmen Scott Guzman, Freshmen Sean Heathermen, and Freshmen Gregg Harrington. At the close of the season the JV defensive player of the year went to Jon Odgren and the JV offensive player of the year went to Mike Hanna. All and all it was a very exciting year full of great games and many memorable moments.

Varsity Football

The team this year was a team of inexperienced players, but by the end of the season, the team really came together. Even though our record wasn't the best, we played every game our hardest. All the calls didn't go our way: there were some bad ones, but we still came out with our heads held high.

We had some unbelievable players this year, who really stepped up and were there for every game. Dan Langlois had a great season, making league all-star and Super Team all-star; the other league all-stars were Corey Hetherman, Sean Bergeron, Kevin Schofield, and Pat Guertin.

Our offense was the best it's been in years. Corey Hetherman was 103 for 209 with 10 touchdowns and 8 interceptions. He threw for almost 1,500 yards. Pat Guertin as the running back, and Jay Harrington as full back, ran for a combined 1,262 yards.

The defense was also very strong. A lot of kids stepped up as new starters like Tom Hassett with 52 tackles, and Charlie Russell with 66 tackles. The leading tacklers were Paul Goodwin with 97, Sean Bergeron with 94 and Pat guertin with 84.

By the end of the season, we were 5-6. But we were a lot better than our record stated. Good luck to next year's team!

Girls Varsity Soccer

The Oxford Lady Pirates Girls' Varsity soccer team had yet another successful season. From the help of 11 seniors and 7 underclassmen, the tean finished 15-4-3 . We pulled through and made some fantastic victories including beating Nipmuc in the quarter finals after two sudden death overtimes and finally a shootout. Throughout the season, Britt Rheault and Amanda Kowal lead our scoring with help from Sarah Brassard, Laura Brassard, Ashley Jorge, and Amanda Millett. Entering the season with one of the best defensive lines in our league, Kelly Gomes, Bekka Hopkins, Debra Polansky, Alyssa Maki and our goalie Sarah Mahan helped the team gain 14 shut-outs. Everyone who stepped in to take the place of a starter did very well and gave every effort they had. Although losing to Auburn in the semi-finals was a hard loss for many of the seniors, the season was still very successful. Thank you to everyone for all your hard work and dedication. It was a pleasure to be your captains and good luck next year!

Boys JV Soccer

This was my first season with the J. V. Soccer team. It was a big step up from the normal town soccer league. We had a very young team consisting of five freshmen and eight eighth graders. Even with this young team Coach Scott got us through tough times in his last year with us. The captains were Lenny Korch and Dan Karle. Our goalie, Chris Raymond, had five shutouts. The top scorer was Derrick Bennett with 19 goals. Dan Paris came in second with 12.

JV Field Hockey

The junior varsity field hockey team had a successful season overall. We were able to score over 10 goals this season which is a big improvement since last year. We've had more wins this season than any other year that coach Jody Chaffee has been here. She was an awesome coach. She had a team of 16 girls on it to work with, 8 of which have never played before. Coach Chaffee with the help of her two captains (Kristen Wagner and Meghan McGee) taught these girls to play the sport. Several of the 8th graders that joined our team really stepped up by the end of the season, we lost our key defensive player Meghan mcGee to varsity, but we remained strong. Angela Maglione and Becky Hazelton helped us out alot in a couple of games. Next year, hopefully, JV will be as successful as they were this year. They are losing a few key players, but I know they'll do great. We had an awesome season with many close games. Overall we had 3 wins (Auburn, David Prouty, and Northbridge) and one tie against Southbridge. Our record was 3-13-1. Good luck next year girls and a special thanks to Coach Chaffee.

Over the past few years the field hockey teams have been greatly improving. Our coach, Coach Shayna Mandella, has been pushing and encouraging us to do our best, and do our hardest . Our record has been vastly improving as we tied three of the hardest teams in our division, and won 4 games. The season was led by our six senior captains, Jen Greene, Tori Carroll, Lindsey Odgren, Laura Uryasz, Sarah Krazlowsky, and Danielle Laforce. Their drive and heart for the game inspired all the underclassmen to give their all to the game. Their presence will be greatly missed in the future seasons and we wish them the best of luck! Girls X-Country

Some of our strongest runners returned to the cross country team this year and they were joined by a number of awesome 8th graders. With the guidance and support of Coach Shattuck and captains Kelly Walsh, Alexa Marcigliano, and Alicia buccico the future of the team looks promising. We competed in 11 meets and won, 4 but with the super team we have developing, we are sure to have more victories in the coming years. In spite of the rough terrain, steep roads, and assorted injuries, our young team managed to stick together and enjoy the season.

The Boy's Cross Country team finished the season a little disappointed but in good spirits. We were led by experienced runner,Joe Guillotte, and captain, Mike Walker, with a backbone of Andy Mietkiewicz, Preston Wilmont, and newbie, Jared Brunelle. However, we were plagued continually throughout the season by injuries, sickness, and lack of sleep. Despite our losses, we had fun and simply joked around about our record. After all, we don't run to win. We run because we're crazy.

This season started out rough with our coach telling us she had a new job and we would be getting a new coach. The question was who would be our new coach. Well, Mrs. Manzi stepped up to the plate and took the challenge. We all had to adjust and get used to each other but once we did we really pulled together and worked as a squad.

On Oxtober 4th the hard work payed off, the Oxford cheerleaders attended a cheering competition at David Prouty. The outcome was very good. Another high point of the season was our outstanding performance at Thanksgiving Day pep rally.

The squad should be very proud everyone did great this season and worked really hard. it wouldn't have been possible without Coach Manzi. Thank you! Good luck to all the seniors, you will be greatly missed. We love you and look up to you Lindsey, Renee, Christina, Moe.

It's hard to believe that my little girl is graduating. It seems that I was looking at that pouting girl yesterday...
Good luck in all you may do.
Love, Dad

Kaitlyn Ausmus and Stacey Wilson

It seems as though it was yesterday that our mothers made us take that picture after we missed the bus for the first day of kindergarden. We have known each other our entire lives, we're practically sisters. It's friends like us that will be there to the end.

Kaitlyn Ausmus

To my little sister:

Congratulations!

Lots of Love,
Becky and Rob

Kaitlyn Ausmus and Karla Ford

Jen Greene

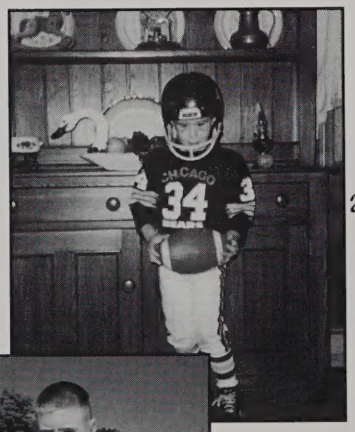
On April 4, 1984 our dream came true. Our little girl was born. Since day one you've filled our lives with love and happiness.

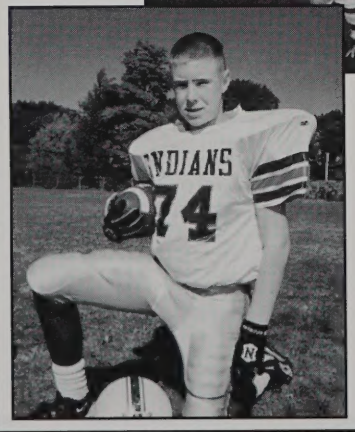
Jen ever since you were a little girl, you "always" dreamt of flying. It was your dream! As you now continue your journey in life, set high goals as you always have. Fly high and soar through them with few clouds and lots of sunshine. Enjoy your flight and you will be successful. We are proud to be your parents!

Love,

Mom, Dad and Simba too

Corey Hetherman





Corey,

Step into the future with confidence and always be proud to be you. We are proud of all that you have accomplished and will be there for you always.

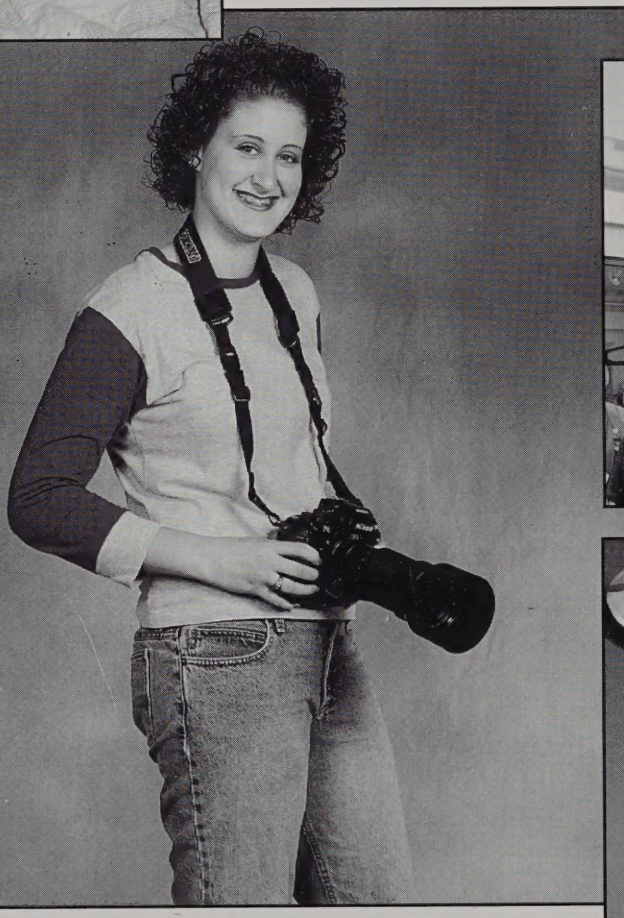
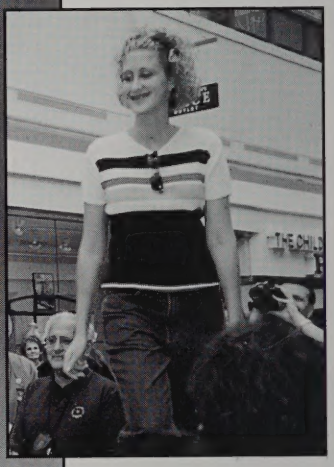
"And the seasons, they go round and round
And the painted ponies go up and down
We're captive on a carousel of time.
We can't return, we can only look behind
From where they came
And go round and round and round
In the circle game."





Ali,

Where did the time fly to? You went from "bunny tails" to "pony tails" to a "runway model" and before we knew it you had become an elegant accomplished young woman. We are so proud of you and we wish you much happiness in whatever you choose to do! Wherever your path may lead you, remember,
you will always be loved (to the moon and back).

Love,
Mom, Dad and Bryan

Dear Graduates,
Although it doesn't seem possible to me, I stood where you now stand thirty-one years ago, on the threshold of new life, entirely different from the only one I had known. Again, I find myself in a circumstance similar to yours, of not knowing where I will be or what I will be doing year from now.
Revisiting that long-ago experience reminds me to take comfort in knowing who I am and where I come from. And so I share with you that comfort that came to me in the guise of a pencil box accompanied by the letter my parents wrote to me on the eve of my first day of college.
I do not know if I will travel this way again, but whether or not, I take with me all of my memories and experience, confident that I am better for having known you. The children of Oxford always have been and will continue to be the right crayon.
Do your best. Take care. Be happy.
Love always,
Crayola

Best of Luck to the Class of 2002

To the Class of 2002

Go placidly amid the noise and haste, and remember what peace there may be in silence. As far as possible without surrender be on good terms with all persons.

Speak your truth quietly and clearly; and listen to others, even the dull and the ignorant; they too have their story. ~ Avoid loud and aggressive persons, they are vexations to the spirit. If you compare yourself with others, you may become vain and bitter; for always there will be greater and lesser persons than yourself. Enjoy your achievements as well as your plans. ~ Keep interested in your own career, however humble; it is a real possession in the changing fortunes of time. Exercise caution in your business affairs for the world is full of trickery. But let this not blind you to what virtue there is; many persons strive for high ideals; and everywhere life is full of heroism. ~ Be yourself. Especially, do not feign affection. Neither be cynical about love; for in the face of all aridity and disenchantment it is perennial as the grass. ~ Take kindly the counsel of the years, gracefully surrendering the things of youth. Nurture strength of spirit to shield you in sudden misfortune. But do not distress yourself with imaginings. Many fears are born of fatigue and lonliness. Beyond a wholesome discipline, be gentle with yourself. ~ You are a child of the universe, no less than the trees and the stars; you have a right to be here. And whether or not it is clear to you, no doubt the universe is unfolding as it should. ~ Therefore be at peace with God, whatever you conceive Him to be, and whatever your labors and aspirations, in the noisey confusion of life keep peace with your soul. ~ With all its sham, drudgery and broken dreams, it is still a beautiful world. Be careful. Strive to be happy. ~ ~

Congratulations to all Graduates of 2002!

From the Yearbook Staff

To the Class of 2002

You walked through the doors of Oxford High School as wiry, loud eighth graders- you leave now as mature, young adults.

Happiness and sadness flow through me - happiness for what lies ahead of you; sadness that you are "leaving the nest."

Always remember that the end of one journey is just the beginning of another. Keep finding new ways to grow and learn and never give up trying.

As a class, you have wonderful spirit - keep that with you always and make your dreams a reality.
